WARNING

- **Do not attempt to replace bulb while the lamp is plugged into an electrical outlet.**
- **Do not use outdoors or near water.**
- **Remove plastic cover from the shade before use.**
- **Clean with a soft, dry cloth.**
- **Save these instructions for future reference.**

POLARIZED PLUG

This portable lamp has a polarized plug (one blade is wider than the other) as a feature to reduce the risk of electric shock. This plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Never use with an extension cord unless the plug can be fully inserted. Do not alter the plug.

CAUTION:IMPORTANT SAFETY INSTRUCTIONS

This portable lamp has a polarized plug(one blade is wider than the other) as a feature to reduce the risk of electric shock. This plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet,reverse the plug. If the plug does not fit contact a qualified electrician. Never use with an extension cord unless plug can be fully inserted.Do not alter the plug.

INSTRUCCIONES DE SEGURIDAD IMPORTANTES

Esta lámpara tiene un enchufe polarizado (una clavija es más ancha que la otra) como característica de seguridad para reducir el riesgo de descarga eléctrica. Este enchufe encajará en un tomacorriente polarizado de una sola manera. Si el enchufe no encaja completamente en el tomacorriente, inviértalo. Si aún así no encaja, comuníquese con un electricista calificado. Nunca lo use con un cable de extensión a menos que el enchufe pueda insertarse completamente. No altere el enchufe.
