ASSEMBLY INSTRUCTIONS

HLLC 8924-50HP DUAL POWER RECLINER

Thank you for purchasing this quality product. Be sure to check all packing material carefully for small parts that may have come loose inside the carton during shipment.

TOOLS REQUIRED : NO TOOLS REQUIRED			
PART LIST			DUAL POWER RECLINER
A	BACK		1
B	BODY		1
C	WALL PLUG TRANSFORMER		1

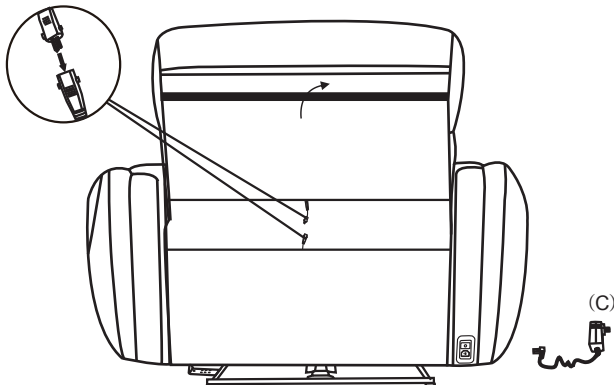

STEP 1: Attach the KD back(s) Check to assure both sides of the mechanism post are positioned inside of the KD receivers on the sides of the back frame, push in a downward motion from the top of the back frame until a clicking sound is heard.

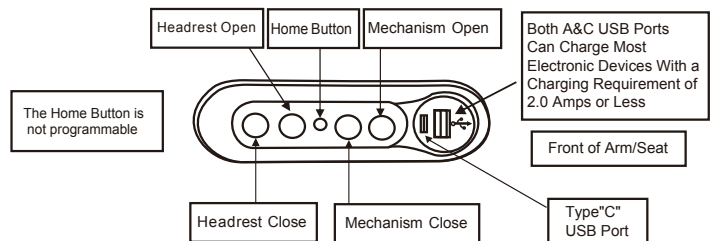

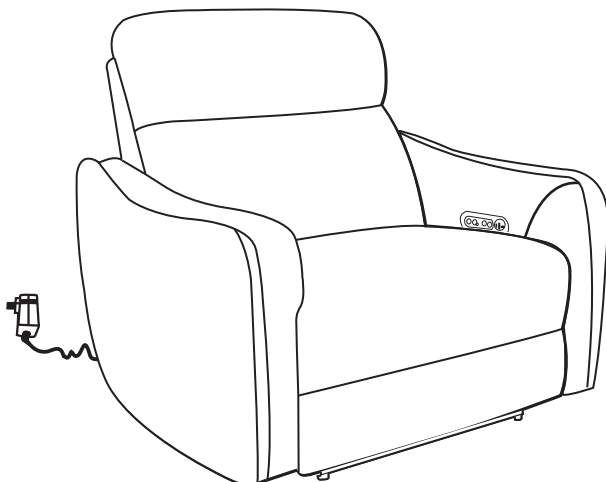

STEP 2: Attach Power Headrest Lead wires. Attach the lead wire found at the bottom of each motion back to the lead wire at the rear of each seat as seen below. Make sure to close the clip lock to keep the connection from coming loose during use.

STEP 3: Connecting the Wall Plug Transformer

Attach the matching end of the wall plug transformer power cable to the power inlet located at the rear of each LAF / RAF dual power recliner as seen below.

After assembly is complete your product should look as seen below.
