STEP 1

Take out the armrest cushion from each inner armrest frame.
Note: for the sofa, the both armrest cushions are packed underneath the middle seat.

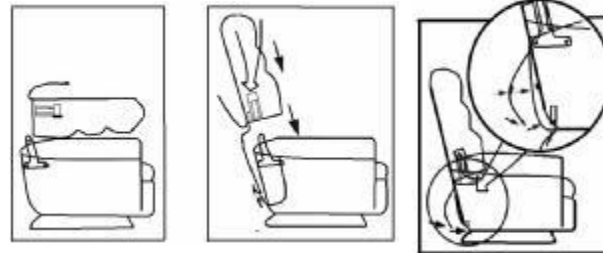

STEP 2

The hardware package ties to the large blade of the iron MECH behind the sofa cushion.
These two screws need put into the holes and assemble the

STEP 3

Stick the back cushion from two side strength synchronously.
Repeat this step as many you have backs.

STEP 4

The hardware package ties to the large blade of the iron MECH behind the sofa cushion.
These two screws need put into the holes and assemble
