How to adjust the European adjustable hinges on doors

Shipping may cause doors to go out of alignment. If you find that the doors need to be adjusted slightly, turn the appropriate screw as illustrated.

1. TO ADJUST DOOR FORWARD OR BACKWARD.
2. TO ADJUST DOOR TO RIGHT OR TO LEFT.
3. TO ADJUST DOOR UP OR DOWN.

STEP 1:

- 1.1 Unpack the unit and remove all packing materials. Ask for assistance to position it near the final location.
- 1.2 Open the doors, adjust the door as needed by following the instructions above.
- 1.3 The adjustable shelves are pre-attached for shipping. If the shelf position is not to your liking, you will need to reposition the shelf by following steps.
 - a) Look at the bottom view of adjustable shelf and locate the Wood Screws holding the Shelf to the Shelf Supports.
 - b) Remove the Wood Screws from Shelf Supports with a Phillips screwdriver (not provided).
 - c) Remove the Adjustable Shelf from the console.
 - d) Remove the Shelf Supports from the console and re-position them in the desired location. Make sure you place the Shelf Supports in the same level, so the Shelf is not tilted.
 - e) Place the Adjustable Shelf back onto the newly relocated Shelf Supports.
 - f) Using the Phillips screwdriver (not provided), reinstall the Wood Screws through the Shelf Support and into the Adjustable Shelf.

FURNITURE TIPPING RESTRAINT

YOUNG CHILDREN MAY BE INJURED BY TIPPING FURNITURE AND YOU MUST USE THIS TIPPING RESTRAINT TO ATTACH THIS UNIT TO THE WALL, TO PREVENT ACCIDENTS AND/OR INJURIES.

THIS HARDWARE MUST BE PROPERLY INSTALLED (FOLLOW ALL DIRECTIONS IN ORDER ON THIS INSTRUCTIONS), TO PROVIDE PROTECTION AGAINST THE UNEXPECTED TIPPING OF FURNITURE DUE TO IMPROPER USE.

THIS PRODUCT IS ONLY A DETERRENT. IT IS NOT A SUBSTITUTE FOR PROPER ADULT SUPERVISION. USE OF TIP-OVER RESTRAINTS MAY ONLY REDUCE, BUT NOT ELIMINATE, THE RISK OF TIP-OVER.

 WARNING	
	<p>Children have died from furniture tip-over. To reduce the risk of furniture tip-over:</p> <ul style="list-style-type: none">• ALWAYS install tip-over restraint provided.• FOR use with televisions weighing 135 lb / 61.2kg or less. Use with heavier televisions may result in instability causing tip-over resulting in death or serious injury.• NEVER allow children to stand, climb or hang on drawers, doors, or shelves.• NEVER open more than one drawer at a time.• Place heaviest items in the lowest drawers. <p>Use of tip-over restraints may only reduce, but not eliminate, the risk of tip-over.</p>

Care and Maintenance

- Use a soft, clean cloth that will not scratch the surface when dusting.
- Use of furniture polishes is not necessary. Should you choose to use polishes, test first in an inconspicuous area.
- Using solvents of any kind on your furniture may damage the finish.
- Never use water to clean your furniture as it may cause damage to the finish.
- Always use coasters under beverage glasses and flowerpots.
- Liquid spills should be removed immediately. Using a soft, clean cloth, blot the spill gently. Avoid rubbing.
- Always use protective pads under hot dishes and plates. Heat can cause chemical changes that may create spotting within the furniture finish.
- Stains or marks from crayons or ink markers will be difficult to remove.
- In the event that your furniture is stained or otherwise damaged during use, we recommend that you call a professional to repair your furniture.
- Check bolts/screws periodically and tighten them if necessary.
- A touch-up pen has been provided to minimize the small nicks or scratches that may occur during assembly or shipping.

Further Advice about Wood Furniture Care

It is best to keep your furniture in a climate-controlled environment. Extreme temperature and humidity changes can cause fading, warping, shrinking and splitting of wood. It is advised to keep furniture away from direct sunlight as sun may damage the finish. Proper care and cleaning at home will extend the life of your purchase. Following these important and helpful tips will enhance your furniture as it ages.

WARNING

Please use your furniture correctly and safely. Improper use can cause safety hazards, or damage to your furniture or household items. Carefully read the following safety information.

This unit is not intended for use with CRT TVs. The top surface maximum weight capacity is 135 lbs. (61.2 kg) and maximum load 90in. (228.6 cm) diagonal flat-panel TV. Use with heavier televisions may result in instability causing tip over resulting in death or serious injury.

Death or serious injury may occur when children climb on audio and/or video equipment furniture. A remote control or toys placed on the furnishing may encourage a child to climb on the furnishing and as a result may tip over onto the child.

NEVER allow children to climb or play with the TV or furnishing supporting the TV.

NEVER place toys, food, remote, etc. on top of the TV or TV furnishing.

ALWAYS use either the safety hardware as instructed or other wall anchoring device.

Relocating audio and/or video equipment to furniture not specifically designed to support audio and/or video equipment may result in death or serious injury due to furniture collapse or over turning onto a child.

NEVER place a TV on furniture that is not intended to support a TV.

NEVER exceed the maximum size and weight of the TV shown in the instructions.

Be sure to refer to the TV warning label as shown in the instructions.

Overloading drawers and shelves may result in furniture that can break or sag, or tip-over which may result in injury.

NEVER exceed the weight limits shown in the instructions.

Place the heavier items on lower shelves as far back from the front as possible.

Load the bottom surfaces first to avoid top-heavy furniture.

Moving furniture that is not designed to be moved or equipped with casters may result in injury or damage to furnishings or personal property.

ALWAYS unload shelves and drawers, starting with the top surfaces, before moving.

NEVER push or pull furniture on carpet. Have a friend help lift properly to move and/or reposition it.

The unit is not meant as a seat and no one should be sitting or standing on the top panel.

Clean the metal trim using a soft cloth, slightly dampened with citrus oil-based product and buff with a clean soft cloth. DO NOT use brass polish or household cleaners as these products will damage the metal trim. Citrus oil-based products can be obtained at supermarkets or hardware stores.

CARING FOR YOUR FURNITURE

Protect your investment

The beauty of furniture care is that it helps to protect your investment, as fine furniture is an important purchase. Proper care will help maintain your furniture's finish and ensure that it looks great year after year.

Caring for furniture

Caring for furniture is easy. Following a few simple guidelines will help extend the life of your furniture.

- **Always dust with a cloth moistened with polish.** Polish cushions the cloth, eliminating the scratching that occurs with dry dusting. Dust will scratch furniture if not removed quickly. Use a soft, clean cloth that won't scratch the surface. Avoid coarse or scratchy materials or fabrics.
- **Avoid using soap and water on furniture.** Water can penetrate the finish and raise the grain on wood. Causing damage.

The Enemies of Furniture

Many common problems in furniture care are caused by the elements. If you are aware of these troublemakers, the resulting damage can easily be avoided.

- Sunlight's ultraviolet rays can damage wood finishes. Arrange furniture out of direct sunlight use sun screening drapes during intense sunlight hours, rotate furniture in place and room arrangement.
- Liquid spills will damage furniture if not removed promptly. Use coasters under beverage glasses and saucers under cups and flowerpots. If a spill occurs, immediately blot it gently without rubbing the surface.
- Heat creates a chemical change in the furniture finish, which can result in a white spot. Use protective mats under hot dishes, utensils or cooking appliances.
- Cyclic changes in temperature can damage furniture. Placing furniture near to central heating radiators and air ducts should be avoided because this causes extreme localized drying of the wood.

Tips for Better Dusting

- Be sure to use the same type of polish consistently. Your furniture will appear cloudy or streaky if oil based or wax-based polishes are interchange.
- **Always use a fine furniture polish when dusting.** Never dry dust, as it could cause microscopic scratches on your furniture's surface. Remember to change dusting cloths frequently since a dirty cloth may scratch your furniture's surface.
- Spray your furniture surface evenly, but not too generously. Wipe in a circular motion with a soft, clean cloth to clean and loosen old polish.
- Then buff until completely dry for a beautiful shine and a smudge free finish. For wood trim spray polish on the cloth first, then dust.
