CARING FOR YOUR FURNITURE

Protect your investment

The beauty of furniture care is that it helps to protect your investment, as fine furniture is animportant purchase.Proper care will help maintain your furniture's finish and ensure that is looks great year after
year.

Caring for furniture

Caring for furniture is easy. Following a few simple guidelines will help extend the life of your furniture.

- Always dust with a cloth moistened with polish. Polish cushions the cloth, eliminating the scratching that occurs with dry dusting. Dust will scratch furniture if not removed quickly.Use a soft clean cloth that won't scratch the surface. Avoid coarse or scratchy materials or fabrics.

- Avoid using soap and water on furniture. Water can penetrate the finish and raise the grainon wood. Causing damage.

The Enemies of Furniture

Many common problems in furniture care are caused by the elements. If you are aware of these troublemakers, the resulting damage can easily be avoided.

- Sunlight's ultraviolet rays can damage wood finishes. Arrange furniture our of direct sunlightuse sun screening drapes during intense sunlight hours, rotate furniture in place and room arrangement.

- Liquid spills will damage furniture if not removed promptly. Use coasters under beverage glassesand saucers under cups and flowerpots. If a spill occurs, immediately blot it gently without rubbingthe surface.

- Heat creates a chemical change in the furniture finish, which can result in a white spot. Useprotective mats under hot dishes, utensils or cooking appliances.

- Cyclic changes in temperature can damage furniture. Placing furniture near to central heatingradiators and air ducts should be avoided because this causes extreme localized drying of the wood.

Tips for Better Dusting

- Be sure to use the same type of polish consistently. Your furniture will appear cloudy or streakyif oil based or wax based polishes are interchange.

- Always use a fine furniture polish when dusting. Never dry dust, as it could cause microscopicscratches on your furniture's surface. Remember to change dusting cloths frequently since a dirtycloth may scratch your furniture's surface.

- Spray your furniture surface evenly, but not too generously. Wipe in a circular motion with a softclean cloth to clean and loosen old polish.

- Then buff until completely dry for a beautiful shine and a smudge free finish. For wood trimspray polish on the cloth first, then dust.
