The reversible siderails can be set up 2 options for mattress position.

Option 1: The cleats support slat are at low position so that the mattress is at low position.

You will need just the long slat support for this option.

Option 2: The cleats support slat are high position so that the mattress is at high position. You will need both long & short slat support for this option. The long & short support are connected together before connect to the bed slats.
