Twin size mattress- 74" – 75" long and 37.5"-38.5" wide

Twin size Bunkie board- 74" long and 37.5" wide

This product is manufactured by (SULT) for **ROOMS TO GO®** | **KIDS**

**WARNING DANGER:**

Failure to follow these warnings and assembly instructions could result in serious injury or death. To help prevent serious or fatal injuries from entrapment or falls:

Read all instructions before assembling bunk bed and keep these instructions for future reference.

Before each usage or assembly, inspect bunk bed for damaged hardware, loose joints,

missing parts, or sharp edges. DO NOT use bunk bed if any parts are missing or broken.

DO NOT use substitute parts. Contact your local Rooms To Go or visit www.ROOMSTOGO.com for replacement parts and instructional literature if needed.

Follow the information on the warnings appearing on the upper bunk end structure and on the carton.

DO NOT REMOVE WARNING LABEL FROM BED.

Always use the recommended size mattresses or mattress supports, or both, to help prevent the likelihood of entrapment or falls.

Ensure thickness of mattress and foundation combined does not exceed 10" and mattress surface is at least 5 inches (127mm) below upper edge of guardrails for the upper bunk.

Do not allow children under 6 years of age to use the upper bunk.

Periodically check and ensure that the guardrail, ladder, and other components are in their proper position, free from damage, and that all connectors are tight.

Do not allow horseplay on or under the bed and prohibit jumping on the bed.

Limit top bunk use to one person.

Always use the ladder for entering and leaving the upper bunk.

Use of a night light may provide added safety precaution for a child using the upper bunk.

Always use guardrails on both long sides of the upper bunk. If the bunk bed will be placed next to the wall, the guardrail that runs the full length of the bed should be placed against the wall to prevent entrapment between the bed and wall.

The use of water or sleep flotation mattresses is prohibited.

This bunk bed meets or exceeds the requirements of ASTM F1427-21e1

**STRANGULATION HAZARD:**

Never attach or hang items to any part of the bunk bed that are not designed for use with the bed; for example, but not limited to, hooks, belts and jump ropes.

PRE ASSEMBLY

Warning:

The bed slats included with this bed will not support a mattress alone, this bed does not require Bunkie boards (sold separately) but they are recommended.

Read all the instructions, identify all components, choose your configuration, and be sure you have all parts prior to assemble.

Two people are needed to assemble.

Tools Needed

Phillips heads screwdriver (not included)
4mm allen wrench (included)

MAKE SURE ALL BOLTS ARE TIGHTENED COMPLETELY

CARE INSTRUCTIONS:

Dust with a clean, soft cloth. Avoid the use of all abrasive cleaners.
