Caring for Your Furniture

To ensure your chair maintains its beauty and comfort for years to come, please follow these Care & Maintenance Guide

The Enemies of Furniture

To extend the life of your chair, avoid exposure to these common threats:

- **Sunlight & Heat:** Avoid direct sunlight and heat sources to prevent fading, cracking, or drying of upholstery.
- **Moisture & Wet Floors:** Keep the chair away from wet areas; wipe dry immediately if exposed to spills.
- **Harsh Chemicals:** Do not use alcohol, ammonia, or bleach-based cleaners. Use only a soft cloth and mild soap solution.
- **Sharp Objects & Rough Use:** Avoid scratches from keys, tools, or pet claws. Do not sit on edges or force rotation.
- **Uneven Surfaces:** Can affect the swivel base and cause unbalanced wear.

Tips for Better Dusting

Simple habits can keep your chair clean and looking its best:

- **Weekly Wipe-Down:** Use a soft damp cloth, then dry with a clean cloth.
- **Vacuum Regularly:** Clean seams and cushion edges with a soft brush attachment.
- **Clean the Swivel Base:** Keep dust-free, check screws occasionally, and avoid water exposure.
- **Spot Cleaning:** Dab with mild soap solution—never scrub forcefully.
- **Fluff & Shape:** Lightly pat cushions and headrest to maintain form.

With regular care, your swivel chair will stay smooth, stylish, and supportive for years to come.
