Failure to follow these warnings and assembly instructions could result in serious injury or death. To help prevent serious or fatal injuries from entrapment or falls:

- Read all instructions before assembling bunk bed and keep these instructions for future reference.
- Before each usage or assembly, inspect bunk bed for damaged hardware, loose joints, missing parts, or sharp edges. **DO NOT** Use bunk bed if any parts are missing or broken.
- **DO NOT** Use substitute parts. Contact your local Rooms To Go or visit www.ROOMSTOGO.COM for replacement parts and instructional literature if needed.
- Follow the information on the warnings appearing on the upper bunk end structure and on the carton, **DO NOT REMOVE WARNING LABEL FROM BED.**
- Always use the recommended size mattress or mattress supports, or both to help prevent the likelihood of entrapment or falls.
- Ensure thickness of mattress and foundation combine does not exceed **10 inches (255mm)** and mattress surface is at least **5 inches (127mm)** below upper edge of guardrails.
- Do not allow children under 6 years of age to use the upper bunk.
- Periodically check and ensure that the guardrail, ladder, and other components are in their proper position, free from damage, and that all connectors are tight.
- Do not allow horseplay on or under the bed and prohibit jumping on the bed.
- Limit top bunk use to one person.
- Always use the ladder for entering and leaving the upper bunk.
- Use of night light may provide added safety precaution for a child using the upper bunk.
