

WARNING: To avoid serious personal injury:

- Carefully and strictly follow assembly instructions. Improper assembly of furniture can result in structural failure, instability of the product, or tip-over.
- Monitor and carefully control the assembly components. These include small parts and hardware that may present a choking hazard to small children. Bob's furniture should be assembled only by responsible adults and children should not be involved in the assembly process.
- Where provided, wall mounting hardware should always be used as prescribed in these instructions to anchor furniture to wall. Proper use of the wall mounting hardware can significantly reduce the potential for furniture tip-over and crushing injuries.

3170BL/BR/BSG Assembly Instruction

Figure 2

Twin Size = 38.25" Width

CENTER SUPPORT NOT USED FOR TWIN

Full Size = 53.25" Width

Queen Size = 60.25" Width

California King = 72.25" Width

Eastern King = 76.25" Width

1. Insert rollers or glides into legs on side assembly, and center glides into legs on center support.
2. Insert end caps onto the foot side rail of the side assembly.
3. Swing out all cross arms to a right angle, and arrange all components as shown on figure 1.
4. See figure 2 to install the extension arm and to determine the rivet position. Insert rivets into the appropriate keyhole slots, and pull the cross arms outward to engage the rivet. Be sure both pairs of rivets are properly engaged and secure with plug plastic keyhole.
5. Align center support to the hole specified on figure 2, and secure with nut and bolt.
