Thanks for purchasing this quality product. Be sure to check all packing materials carefully for small parts, which may have come loose inside the carton during shipment. Identify and count all parts and compare with the Hardware List below

Step 1: Place the Top part (Part A) on the clean, soft surface as a blanket or carpet. Assemble the Leg part (Part B) to the Top part by Bolts M8, Spring washers M8, Washers M8 (Part C, D, E) and loosely tightening with Allen key (Part F).
When inserting the bolts, loosely tighten each about 5-6 full turns and ensure each of the 3 bolts fit well.
Once all 3 are inserted and loosely tightened, proceed to fully tighten each bolt.

Periodically check and make sure all bolts are fully tightened.
