Thanks for purchasing this quality product. Be sure to check all packing materials carefully for small parts, which may have come loose inside the carton during shipment. Identify and count all parts and compare with the Hardware List below

Step 1: Place the Seat part (Part A) on the clean, soft surface as a blanket or carpet. Assemble the Leg part (Part B) to the Seat part by Bolt, Spring washer, Washer M6 (Part C, D, E) and loosely tightening with Allen key (Part F). When inserting the bolts, loosely tighten each about 5-6 full turns and ensure each of the 4 bolts fit well. Once all 4 are inserted and loosely tightened, proceed to fully tighten each bolt.

Step 2: After assembly, put the seat cushion (Part G) on product and your product is ready to use
