

WARNING:
Securely place the headboard against the wall or have a second person hold the headboard.

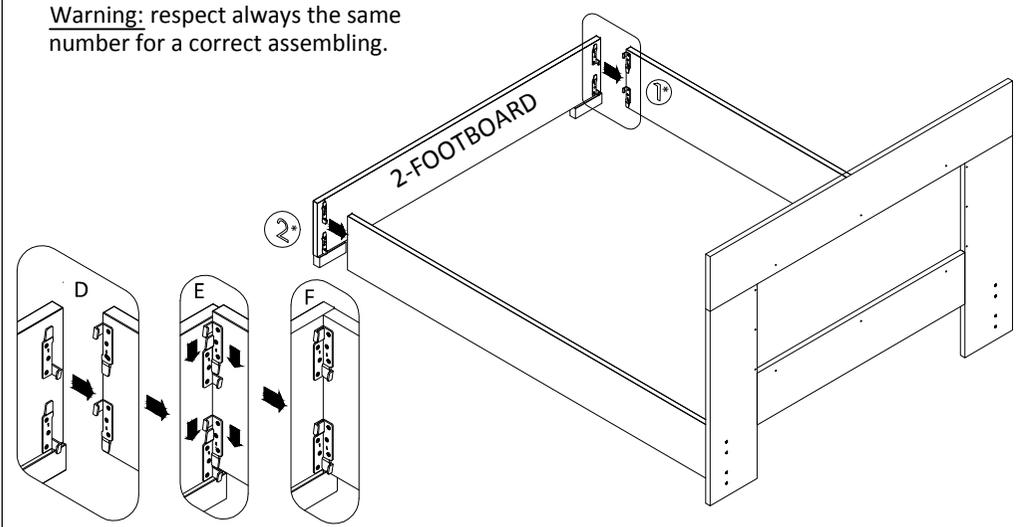

1 Unpack all pieces from the boxes. Headboard, footboard and rails, and lay them out on the floor.

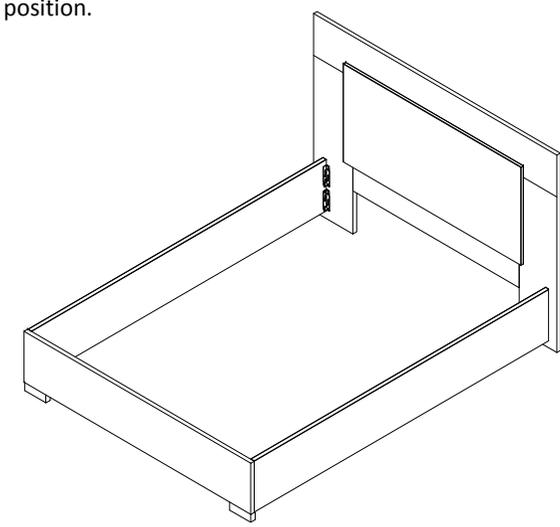

2 Lock each rail into the headboard (See and respect the sequence A-B-C).
Warning: respect always the same number for a correct assembling.

3 Hook each rail into the footboard. (See and respect the sequence D-E-F).
Warning: respect always the same number for a correct assembling.

4 Make sure all items are tightly secured into lock position.

5 Headboard adjustment on the wall
