5	Finial	1

ASSEMBLY INSTRUCTIONS

Note: Before you begin, separate all parts and compare them to the illustration to ensure a complete assembly.

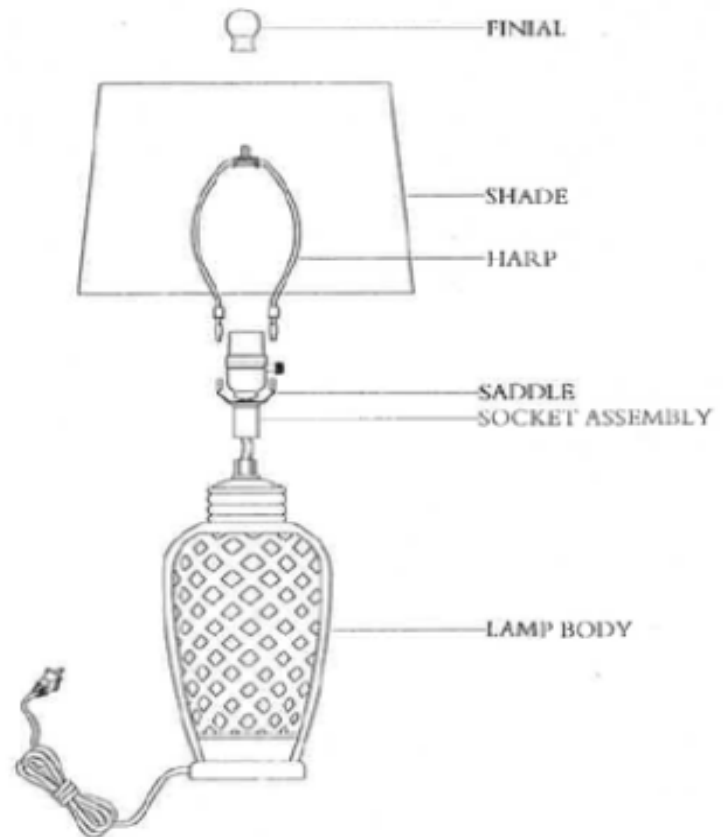

- 1 Slowly pull out the cord from bottom of lamp until the socket assembly rests against lamp.
- 2 Fasten socket assembly onto lamp body. Be careful not to twist the power cord.
- 3 Insert harp into saddle.
- 4 Put shade onto harp.
- 5 Screw finial onto harp to secure shade tightly.
- 6 Install light bulb into socket/ (bulb not included)

IMPORTANT SAFETY INSTRUCTIONS**Read all instructions before using this product**

1. This portable luminaire has a polarized plug (one blade is wider than the other) as a safety feature to reduce risk of electric shock. This plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Never use with an extension cord unless plug can be fully inserted. Do not alter the plug. Do not attempt to defeat this safety feature
2. These instructions are provided for your safety. It is very important that they are read carefully and completely before beginning the assembly and installation of this lighting fixture
3. This fixture has been rated for up to one (1) 150 watt maximum 3-way standard A19 light bulb (not included) To avoid the risk of fire do not exceed the recommended lamp wattage
4. Do not strain or stretch electrical cord
5. This lamp is meant for indoor use. Dry locations
6. Keep out of reach of children. This is not a toy
7. Save these instructions

Hardware Pack Location - attached underneath the top carton flap**WARNING:**

- * To reduce the risk of fire, electrical shock or personal injury, always turn off and unplug the light fixture and allow it to cool prior to replacing the light bulb.
- * Do not touch bulb when fixture is turned on. Do not look directly at the lit bulb.
- * Keep flammable materials away from lit bulb

**IMPORTANT SAFETY INSTRUCTIONS**

This portable lamp has a polarized plug (one blade is wider than the other) as a safety feature to reduce the risk of electric shock. This plug will fit in a polarized outlet only one way.
