Assembly Instructions

DETY TF22145 RED/WHITE/GRAY

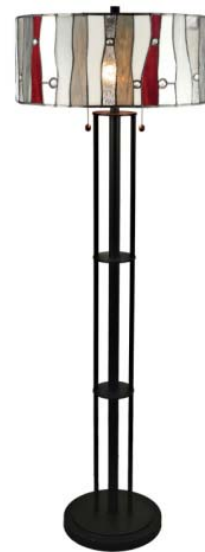

Manufactured by DETY for Rooms to Go

SKU# 90284971

ASSEMBLY INSTRUCTIONS

Note: Before you begin, separate all parts and compare them to the illustration to ensure a complete assembly.

1. Place the base (D) on a level surface.
2. Pull the cord from the bottom of the base (D) to tighten the column connections.
3. Screw socket assembly (K) into top column (G2).
4. Insert metal cap (H1) into top column (G2) and two side rods (F2).
5. Screw middle column (G1) into top column (G2), and side rods (F1) into side rods (F2) tightly.
6. Insert metal cap (H) into middle column (G1) and two side rods (F1).
7. Screw middle column (G) into middle column (G1), and side rods (F) into side rods (F1) tightly.
8. Insert the base (D) into the bottom column (G) and two side rods (F), then tighten them with washer (C) and hex nut (B) with the enclosed wrench (A).
9. Screw the threaded rod (L) into socket assembly (K).
10. Adjust the knurl nut (R) onto the threaded rod (L). This can be used to raise the shade a little if necessary.
11. Place shade (M) and metal plate (N) over threaded rod (L), and tighten finial (O) securing the shade in place.
12. Insert bulbs (not included) into the bulb socket (J).
13. Turn on the lamp by using pull chains (I).

Hardware Pack Location(s): Pocket of Styrofoam.

IMPORTANT SAFETY INSTRUCTIONS

Misuse can result in FIRE or DEATH by ELECTRIC SHOCK.

1. This portable luminaire has a polarized plug (one blade is wider than the other) as a safety feature to reduce risk of electric shock. This plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Never use with an extension cord unless plug can be fully inserted. Do not alter the plug. Do not attempt to defeat this safety feature.
2. These instructions are provided for your safety. It is very important that they are read carefully and completely before beginning the assembly and installation of this lighting fixture.
3. This fixture has been rated for up to (2) 100 watts maximum type E26 standard incandescent light bulbs (not included) or up to (2) 26 watt compact fluorescent light bulb (not included). To avoid the risk of fire do not exceed the recommended lamp wattage.
4. This lamp is meant for indoor use. Dry locations only.
5. Save these instructions.

INSTRUCCIONES DE SEGURIDAD IMPORTANTES

El mal uso puede resultar en INCENDIO o MUERTE por DESCARGA ELÉCTRICA.

1. Esta lámpara tiene un enchufe polarizado (una clavija es más ancha que la otra) como característica de seguridad para reducir el riesgo de descarga eléctrica. Este enchufe encajará en un tomacorriente polarizado de una sola manera. Si el enchufe no encaja completamente en el tomacorriente, invierta el enchufe. Si aún no encaja, comuníquese con un electricista calificado. Nunca lo use con un cable de extensión a menos que el enchufe se pueda insertar completamente. No altere el enchufe. No intente anular esta función de seguridad.
2. Estas instrucciones se proporcionan para su seguridad. Es muy importante que se lean con cuidado y completamente antes de comenzar el montaje e instalación de este lámpara.
3. Este lámpara ha sido clasificado para hasta (2) bombillas de luz incandescente estándar tipo E26 de 100 watts como máximo (no incluidas) o hasta (2) bombillas de luz fluorescente compacta de 26 watts (no incluidas). Para evitar el riesgo de incendio, no exceda la potencia recomendada de la lámpara.
4. Esta lámpara está diseñada para uso en interiores. Solo lugares secos.
5. Guarda estas instrucciones.
